

# BIRD CHAISE

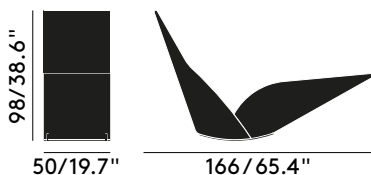

The very rare and unusual furniture typology of the rocking chaise longue is explored here in a monolithic form, carefully balanced to encourage a gentle rocking motion with its gentle curves and reduced silhouette. The Bird Chaise is a bold sculptural statement that is destined to bring extra colour and shape, movement and comfort into lobbies, breakout areas and homes.

## BIRD CHAISE

Code  
BIRDCH-01

Year of Design	1991
Material	Upholstery with Wood and Foam
Notes	Made to order

## BIRD CHAISE

### Process

Made using a pine frame to create the distinct shape. Foam is carefully cut to cover the shell, designed to give lumbar support and comfort. A rubber runner is added at the base to protect the fabric.

### Cleaning Instructions

Please see the fabric manufacturer's website for cleaning and care instructions, or contact a customer service representative.

### Country of origin

Lithuania

### Packaging

Height	0.89 m/35.04 in
Width	0.5 m/19.69 in
Length	1.66 m/65.35 in
Weight	45 kg/99.21 lb

### Product weight

40 kg/88.18 lb

### Requires Assembly

No
