

Plane Wall Light

A new addition to our much-loved Plane collection, where a confident use of simple geometric shapes creates a sculptural aesthetic. Minimalist yet expressive, our Plane wall lamp is constructed from two interlocked square brass-plated steel frames that enclose a double-layered white glass sphere. Plane Wall emits a soft ambient light and can be used in multiple configurations either on the wall or on the ceiling. The collection also includes round and triangle pendants, a wall light and a space-filling chandelier.
